Vegetatio **115**: 183–184, 1994.

Contents Volume 115

G.A. Islebe and A. Velázquez, Affinity among mountain ranges in Megamexico: A phytogeographical scenario 1
K.J. Elliott and W.T. Swank, Changes in tree species diversity after successive clearcuts in the Southern Appalachians 11
R.T. Busing, Canopy cover and tree regeneration in old-growth cove forests of the Appalachian Mountains 19
G.J. Tol and A.M. Cleef, Above-ground biomass structure of a *Chusquea tessellata* bamboo páramo, Chingaza National Park, Cordillera Oriental, Colombia 29
R.J. Schaetzl, Changes in O horizon mass, thickness and carbon content following fire in northern hardwood forests 41
S.S. Dhillion and R.C. Anderson, Production on burned and unburned sand prairies during drought and non-drought years 51
L.M. Dascanio, M.D. Barrera and J.L. Frangi, Biomass structure and dry matter dynamics of subtropical alluvial and exotic *Ligustrum* forests at the Río de la Plata, Argentina 61
G. Brown, Soil factors affecting patchiness in community composition of heavy metal-contaminated areas of Western Europe 77
I.C.G. Vieira, Ch. Uhl and D. Nepstad, The role of the shrub *Cordia multispicata* Cham. as a 'succession facilitator' in an abandoned pasture, Paragominas, Amazônia 91
I.M. Grundy, B.M. Campbell and P.G.H. Frost, Spatial pattern, regeneration and growth rates of *Brachystegia spiciformis* and *Julbernardia globiflora* 101
S.P. Paraskevopoulos, G.D. Iatrou and J.D. Pantis, Plant growth strategies in evergreen-sclerophyllous shrublands (Maquis) in central Greece 109
J.-T. Zhang, A combination of fuzzy set ordination with detrended correspondence analysis: One way to combine multi-environmental variables with vegetation data 115
J.T. Fahnestock and A.K. Knapp, Plant responses to selective grazing by bison: Interactions between light, herbivory and water stress 123
V.J. Terwilliger and M. Zeroni, Gas exchange of a desert shrub (*Zygophyllum dumosum* Boiss.) under different soil moisture regimes during summer drought 133
A.J. Parker, Latitudinal gradients of coniferous tree species, vegetation, and climate in the Sierran-Cascade axis of Northern California 145
C.M. Shackleton, N.J. Griffin, D.I. Banks, J.M. Mavrandonis and S.E. Shackleton, Community structure and species composition along a disturbance gradient in a communally managed South African savanna 157
